GOING COASTAL?

If your project is close to the sea, it will be subjected to extreme conditions. Now when you choose Fluropon 70% PVDF on aluminum, you're covered† against premature chalking, cracking, fading and loss of adhesion, even on the coast. Ask us about the enduring beauty and performance of Fluropon for your coastal projects.

Illumipon™

FEVE Color Guide

Due to global demand and supply chain issues affecting the PVDF resin market, some Fluropon colors may not be available and substituted with Illumipon™, a best in-class FEVE-based coating from Sherwin-Williams.

NOTES ON **AVAILABILITY**

- Metal products, finishes, colors and sizes available are subject to change without notice. Contact Metal Alliance representative for current pricing and availability.
- Metal and finish warranty† information available upon request.
- To ensure color is accurate, request a metal sample before placing order.
- Custom colors and finishes available. Minimum charges and quantities may apply.
- Oil canning is an inherent characteristic of light-gauge, cold-formed metal products, does not affect the integrity of metal panels, and is not a cause for rejection.
